Means of Travelling ⇒

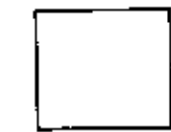

Science is power now. It has won time distance and space for us. We can fly like birds and swim like fish in a water. Journey around world is a very easy. Science given us means of travelling. We take our breakfast in a delhi and dinner time in a New York. We can go the far end of the world is a became very easy and safely.

Medical ⇒ Science is not cured from terribly disease but lengthend our life. We can say that now the lame can walk, dumb can speak, deaf can hear. It is the reduced of all of death as birth as well. Vaccination, Innocculation and Surgical Operation has been falling to the clutches of death so early. Now a days heart surgery and heart

Science has blessed on
 electricity. Without them life of man
 would have been turned into hell.
 Electricity does so many works that
 no servant can do. We have only to
 push the switch and all works ~~are~~
 already working.

It is no exaggeration to
 say that Computers and printing
 machines are our extra brains, lifts
 and crains are our extra arms.
 Motorcycle and Car are our extra
 legs. I am a very happy because
 electricity our life is so easy. Now
 all work doing electricity. So
 electricity is the greatest invation
 of science.

Conclusion ⇒

Every things has too two parts. Science have also two parts. One parts is very darkness and second part is very happily. Science's is advantage have also disadvantage. Science is a Good servant for the man because is a very easy life to man. Science is Bad master because ~~our~~ life are misuse science so that science is our life darkness. So science use for good and humanity work without destruction and natural attacks for.

I am request my pleasing people we should not misuse the science.

Because the science is a Good servant
But a bad master.

May live you long and happy and healthy.

Thanks.
