अंक

By atomic energy make the atom bomb.

(vii) Disadvantages of Science - Everything has two sides.

There are some disadvantages of science. Big factories, mills and other machines have polluted the atmosphere. Big factories, mills and machines are a great threat to humanity in the world.

(viii) How to minimise Disadvantages → we

have to grow more trees and not cut the trees. So the disadvantages of science will decrease if every person ^{should be} lives with love and prosperity so that we can minimise the disadvantages of science.

(ix) Conclusion - Science is a great

helper to modern man. If we use it properly it will become a great boon to the world. It can make the life of man
