Subject - Problem of functioning of camera.

Sir,
I brought a digital camera from your shop as I heard only good quality items are available. At your shop, it was not functioning well.

The image capture by it are very blurry and darken sometime, also it does not click any picture sometime. The quality of camera lens is very poor.

So I request you to collect it from home and provide other camera of the same brand (SONY). Hope you solve my problem.
Thank You.

Yours faithfully
Rohit Patel.

I

In today's world many different languages are spoken by peoples. The students regarded as future generation or future policy maker have to speak many different type of languages in their life to communicate with the people.

In many schools only one or two languages are taught which became a limitation for future. Three different languages study makes a student's brain more active developed and wide.

It will be easy for the student to talk or to think in different languages. It will break the boundaries of thought.

The student will become
